**And They Are Unimportant Positions—The Presidential Appointments To-day.**

WASHINGTON, April 9.—The president made the following appointments to-day:

Frank Plumley, of Vermont, United States attorney for the district of Vermont.

George A. Knight, of Texas, United States marshal for the northern district of Texas.

Lee E. Bennet, Indian agent at the Union agency in the Indian Territory.

James McDowell, register of the land office at Huron, Dak.

**CIVIL SERVICE COMMISSIONER.**

**Contest for the Place Among the Politicians.**

WASHINGTON, April 9.—There appears to be a spirited contest in progress for the democratic vacancy on the civil service commission. Mr. Hugh T. Thompson, of South Carolina, late assistant secretary of the treasury; Judge Durham, of Kentucky, the present first comptroller of the treasury, and Richard Randolph Morton, of West Virginia, second assistant comptroller, are the principal candidates with several others of less prominence in the field.

All have more or less backing and for the past three weeks the president has given daily interviews to democrats, senators and members in behalf of some one of them. An intimation from the president last week that he would appoint no free trade democrats on commissions required by law to be made up of republicans and democrats, but that in such cases he would select protectionist democrats, has created considerable comment here.

This declaration is said to have been made to a very prominent democrat regarding the policy he will pursue not only in the south, but in regard to national appointments generally.

**THE DEAR CREATURES.**

**Fifty Girls go on a Strike and Brutally Beat the Boys Who Take Their Places.**

CLEVELAND, April 9.—About fifty girls were discharged from the Chapin nut and bolt works Saturday, because they were in constant danger of having their dresses caught in the machinery. The girls were not thankful for their deliverance from accidental deaths and when the boys, who were hired to take their places, went to work yesterday morning, the discharged maidens, assisted by all their female relatives, assaulted the new hands with clubs, bricks and stones.

The boys, several of whom were considerably injured, took refuge inside the building, which was then treated to a shower of missiles from the enraged maidens. Several arrests were made, but the offenders were discharged this morning on paying costs and promising a cessation of hostilities.

**A LONG TRANCE.**

**She Has Been Asleep for Thirteen Days, and Takes No Food.**

BUFFALO, N. Y., April 9.—Mrs. Emma Authouse, the Attica sleeper, is in another long trance. She went to sleep on March 27, and has not wakened since. She has taken no nourishment since the 27th, and is very weak. Her teeth are tightly closed, making it impossible to force the least particle of liquids or solids through them. Before falling into the present trance she predicted a long sleep, but did not state how long.

**He Was a Crank.**

DUBUQUE, Ia., April 9.—An old man, with a long white beard and very shabbily clothed, created a decided sensation Sunday in the Methodist church of this city. While the pastor was preaching the old man arose from his seat and announced that the world would be destroyed in nine days, and that he was commissioned by the Almighty to declare the news.

**Greek George.**

BROCKTON, Mass., April 9.—Last evening Duncan C. Ross, H. M. Dufur, and Antoine Pierre, known as "Greek George," participated here in a wrestling tournament, which, at 11:30 o'clock, was declared a draw.

**A Collision.**

NEW YORK, April 9.—This morning a collision occurred on the Pennsylvania railroad at Jersey City, resulting in the demolition of a horse car and seriously injuring three passengers.

**Scarlet Fever.**

BLOOMINGTON, Ill., April 9.—Dispatches from Fairbury, Ill., report an outbreak of scarlet fever of a malignant type. Six deaths have occurred within the last few days.

## MUST SAY FAREWELL.

**Three of Our Methodist Pastors Bid Adieu to Their Congregations and Leave for Other Homes.**

One of the unpleasant features, in many instances, connected with the life of the Methodist minister, is the itinerancy of his pastorate. He is, as Rev. F. G. Browne, former pastor of the Wayne street M. E. church, of this city, said in a sermon preached here a few years ago, "the Man on Horseback." He has no life home. Every few years the rules of his church compel him to move from the town or city where he has lived for one, two or three years, to a new pastorate. He is, as it were, constantly "in the saddle," and like the soldier in a great war, compelled to move from on place to another in the discharge of the duties of his holy calling.

These reflections are brought to mind by the changes which will take place in the Methodist pastors of this city as a result of the deliberations of the conference which has just closed at Lagrange. By its appointments Rev. D. C. Woolpert, C. H. Wilkinson, and J. C. Cook, who have had charge of congregations in Fort Wayne for the last few years, are transferred to other fields and THE SENTINEL, while welcoming to our midst their successors, cannot but regret to see these clerical gentlemen leave our city where they have been so eminently successful and have drawn around them so many warm friends.

The time for bidding them farewell will come almost with their return from Lagrange, and it is proper therefore, in this connection that we say a few words about them ere they leave us for other homes.

Rev. J. C. Cook, the pastor of the Trinity M. E. church, came to our city only a year ago. He is a young man and this was one of his first charges, but he has proven himself eminently fitted for the calling in which he is engaged and has been successful in his work. He is a close student, earnest in the performance of his duties and with talents as a pulpit orator will rise to higher ranks of usefulness and honor in the church.

Rev. C. H. Wilkinson, the pastor of the Simpson M. E. church, has been with his congregation for three years and has been untiring in his work for the Master. An earnest and a forcible speaker, his voice has always been raised in behalf of the cause of saving souls and when duty called he was to be seen in the front rank of workers. He took an active part in every movement calculated to advance the interests of Christ and was so zealous in his work that he has reaped a harvest of souls as the reward. His congregation will regret to loose him, but to his new home he will carry with him their warm and hearty wishes for his continued success.

Rev. D. C. Woolpert, the pastor of the Berry street M. E. church, has been one of the most prominent pastors in the city ever since his coming here three years ago. Few ministers are closer Bible students or more thoroughly wedded to their calling, and with these elements of success he combines an earnestness and eloquence that particularly fits him for the work in which he is engaged. He is a magnificent pulpit orator, and with his departure the Berry street church loses in this respect one of the best pastors it has ever had. Keenly alive to the ruinous effects of the evils of the day, he does not hesitate when occasion demands to denounce them in a proper manner, and when he does so, the subjects are generally handled without gloves and in such an eloquent and forcible way that conviction is carried with his words. His departure from our midst will be generally regretted, not only by his congregation, among whom he was universally loved, but by the citizens who always found in him a man alive to the municipality's best interests on every public question. His future home will be in Warsaw, the beautiful city of the lakes, and to her people we can say that they will find in Rev. Woolpert a pastor whom they will delight to honor.

The conference returns to us, as noted in our telegraph columns yesterday, our old pastors, Rev. R. M. Barns and Rev. M. C. Cooper and to the Berry street church it sends Rev. Vanslyke, of Goshen, concerning all of whom we may have something more to say. The return of Revs. Barns and Cooper will be received by their congregations with gladness, as will also the new appointments to the Berry street and the Simpson churches.

Most elegant assortment of Silk Ties in Fort Wayne and at the most reasonable prices.

## A RECORD OF CRIME!

**Masked Men Enter a Farmer's Home for Robbery and Brutally Beat Him—Other Deeds of Blood.**

EAST LIVERPOOL, O., April 9.—Early yesterday morning two masked men forced an entrance into the residence of Robert McBane, an aged farmer living near this place, and, after an unsuccessful attempt to chloroform the family, locked Mrs. McBane and three children in a closet, after knocking them nearly senseless. They then, by threats, attempted to make Mr. McBane give them several thousand dollars they claimed he had in the house. He denied having the money. They then set upon and beat him into insensibility, and ransacked the house, but found nothing of value except some silver, with which they escaped, leaving no clue. When found by the neighbors yesterday Mrs. McBane and the children were nearly suffocated, and Mr. McBane nearly dead from loss of blood.

CHICAGO, April 9—This morning Officer Woodville caught two men attempting to burglarize a grocery store. He pursued them, and was shot by them after wounding one fatally. The wounded man was arrested.

JACKSON, April 9.—Irving Latimore, accused of murdering his invalid old mother the morning of January 25, was brought out for trial yesterday, but the case was put at the end of the criminal calendar.

SHAMOKIN, Pa., April 9.—David Keller, a wealthy farmer living in Bear Gap valley, was robbed of $450 yesterday afternoon by two strangers, who called on him and commenced dickering for the purchase of his farm. They got him to show the money by a trick and then snatched it from him.

GROVE CITY, Penn., April 9.—At 1 o'clock this morning three masked men forced on entrance into the residence of Mr. Lewis Patterson, a wealthy farmer. Patterson refused the burglars' demands for his money. The fiends then held his feet in the fire, roasting them so badly that amputation will be necessary. The robbers ransacked the house, securing $40 in money and a gold watch.

## A SERIOUS RUNAWAY.

**Mrs. John Dawkins and Mrs. Edward Wolf the Unfortunates.**

This afternoon a team of horses, driven by Mr. John Dawkins and his wife and daughter, of New Haven, took fright at a bicycle near the corner of Clinton and Wayne streets, this afternoon at 3 o'clock, and ran east.

Near Mr. A. C. Perrin's livery stable they collided with a buggy, in which were Mrs. Chas. Lehr and Mrs. Edward Wolf, wife of the engineer.

Both vehicles locked and the occupants were thrown out. Mrs. Dawkins was severely cut about the head and Mrs. Wolf was injured internally.

The others escaped with light bruises.

**A QUEER CASE.**

**Young Reinewald Refuses to Eat or Speak—A Week's Fast.**

Our readers will recall the sad mental condition of George Reinewald. He was committed to the state insane asylnm, but about two weeks ago came home apparently cured.

Shortly after his old malady returned and for a week the man has not eaten a bite of anything or spoken a word.

His brother, Mr. Rudy C. Reinewald, sent for Mr. Bob McDonald, of the insane hospital staff, and for two days he has been laboring with the patient without success.

**DAVE BROWN!**

**Seeks Damages for Injuries Received in a Drunken Brawl.**

Last Friday THE SENTINEL noted the injuries to Dave Brown, the result of a fight in the Custer house saloon.

This morning Mr. Brown, through his attorney, J. R. Bittinger, instituted suit to recover $1,000 from Fred Schoerpf, of Leo.

Brown alleges that Schoerpf struck and knocked him down. Then he was kicked and beaten brutally and awoke with three fractured ribs.

**LOCAL LINES.**

The Bloomingdale public school was opened to the pupils yesterday morning and every room save one is occupied. Workmen are repairing the damage done by the fire the other night in that department and the school will be as good as new in a day or so. This work is a compliment to Supt. Irvin and the school board.

The county commissioners took up the Maumee river bridge matter to-day. The Columbia street people are out in force, and are represented by Hon. J. M. Barrett. On account of the interests of the Nickel Plate road involved in the case, Hon. R. C. Bell did not act as county attorney, but sent in his place Mr. S. R. Alden. Some legal complications arose, and it is probable that the question of location will go over for some days.

Mr. John Maguire, long in the railway mail service, is a candidate for chief clerk of the Crestline department. Mr. Maguire unjustly fell by the wayside as an offensive partisan under Mr. Cleveland's administration and deserves recognition from his party. Mr. Maguire, this afternoon, received notice of his reinstatement in the mail service, but he does not know whether or not it is the Crestline prize he will capture.

# Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

TUESDAY, APRIL 9, 1889.

CHAS. M. KENTON has purchased the Peru *Sentinel*.

FEVERS are prevailing in the city. The Sanitary officers might take a look at the sewerage system.

DR. PALMITER, of Lagrange, one of its best known residents, died very suddenly Sunday, aged seventy-two.

EDITOR MILLER, of the Evansville *Tribune*, is going to lead an exploring expedition into the wilds of Central America.

WHAT a pity some of the republican state officers did not adjourn with the legislature. There might have been a chance for the new laws.

MASSACHUSETTS, Indiana, Montana, Rhode Island, Tennessee and Wisconsin have passed election reform laws and New Jersey will be added to the list this week.

GOVERNOR HOVEY, of Indiana, will leave for the east on the 20th inst., and, after spending a few days at Washington, will go to New York to attend the constitutional centennial celebration.

STATE TREASURER LEMCKE has returned to Indianapolis from New York. He succeeded in placing the $370,000 interest loan but can not negotiate the general loan until the courts have declared the law constitutional.

THE federal authorities, it is given out at Indianapolis, propose to suppress the Louisiana lottery business in the state. It is to be hoped they mean what they say, for this gigantic fraud is fleecing people daily and reaping thousands of dollars by rascally methods. Of course, this business flourishes in Fort Wayne in open violation of the law.

NOW THE republican state officers are attacking the school book law, with a view to its nullification. The manner in which it was read in the legislature does not suit them, and the Indianapolis *Journal*, the organ of the book trust, is airing their views. The people will not tolerate any tampering with the measure, and the republican school book agents may as well realize the situation.

THE Evansville board of police and fire commissioners, recently appointed by the state legislature, was last night formally recognized by the new council, which is democratic, and the board at present in charge was declared "usurpers." The chiefs of both departments were ordered to report to the new board for duty, and provision made that bills for fire and police protection will be paid only on approval by the new board. They never wait for constitutional action at Evansville.

GOVERNOR HOVEY has appointed Josiah Gwin, editor of the New Albany *Public Press*, and Edward S. Hays, of Mt. Vernon, who was a democratic candidate for doorkeeper of the house at the last session of the legislature, to succeed DeFoe Skinner, of Valparaiso, and E. P. Richardson, of Petersburg, respectively, as members of the commission for the construction of the additional hospitals for the insane. Col. J. R. Gray, of Noblesville, has been appointed as one of the commissioners. The two gentlemen first named are democrats and succeed the men whom Tender-foot Porter appointed to cheat Fort Wayne out of one of the insane asylums.

THE new school-book law has an emergency clause, but the state superintendent of public instruction, who is frolicking in the east, either is not aware of it or is construing the emergency clause in the interest of the robber book syndicate. Governor Hovey, however, says that he has been aware that the bill contained an emergency clause and a few days ago suggested that the superintendent should, without further delay, advertise for bids to furnish the required books, in accordance with the provisions of the law. The time for receiving the bids must be fixed not later than six months after the publication of the notice. The people of Indiana can now see how republicans are conspiring to defeat the best piece of legislation enacted by the general assembly.

IT is not often men enjoy the distinction of two birthdays in the same month, but strange things are the order of the day. Through a confusion of dates the anniversary of Thomas Jefferson's birth will be celebrated on different days this month. Some time after Jefferson was born eleven days was dropped out of the calendar so that April 2, his birthday, corresponds with April 13 in the present style of reckoning, just as Washington's birthday is observed February 22, although he was born February 11 in the old style. Some of the published lives of Jefferson and probably most of the cyclopedia biographies give April 2 as the date of his birth, which no doubt explains why Hon. Chauncey F. Black, the president of the National Association of Democratic clubs, issued a call to observe the anniversary on the 2d.

## MONROEVILLE.

### A Gossipy Letter From That Thriving Town--What They Are Saying and Doing.

Town election May 6.

A. O. Hess moved to the Craven farm last week.

Marquardt & Miller will manufacture tiles at Fryburg, Ind., this summer.

Rev. Father Hartman, of the Catholic church, began a two months' free school Monday.

Mr. Chas. Eastgage, of Van Wert, O., will take charge of the Central hotel in a few days.

Webster & Son are placing an eighty horse-power engine in their saw and planing mills.

Christ Flaugh, of Fort Wayne, was in town Friday. It is said that Christ has some fancy attraction here.

J. B. Munger, principal of the Monroeville schools, with two assistant teachers, began a six week's subscription school last Monday.

Auditor Niezer spent Sunday with his family. His friends will be glad to know that he has recovered from his late sickness, so as to be able to attend to his duties in the auditor's office.

From all indications at present Frank Freese, J. B. Davis and M. Strass have the inside track of the postoffice race. However no limitation can be made, as the postoffice gossip will take a side track for the town election.

Trustee Franke, of Madison township, has all his schools busy, and hopes them to continue so for at least two months longer. The schools will have at least ten graduates who are to take their degree some time in May.

Rev. J. C. Darwin and wife, of the M. E. church, attended the forty-sixth session of the North Indiana annual conference of the M. E. church, which was held at LaGrange last week, of which Bishop E. G. Andrews, D. D., presided.

The dedication of the new Catholic church will take place Sunday, May 12. The Knights of St. John and other societies from Fort Wayne and Decatur wfll be present to assist in the ceremonies. An excursion train will bring the clergy and delegation from Fort Wayne.

The entertainment given by the pupils of the Wyburn school last Saturday evening, was excellent. Space will not allow us to deliniate the proceeding. All who took part in the drama "Under the Laurel" deserves credit for the elegant manner in which they rendered their parts.

The commencement exercises, conducted by the graduates of the Monroeville schools, held in the Christian church, last Friday evening, were of the highest rank, and the young class of '89 deserves comment for their arduous undertaking. However good was their entertainment, only a small crowd greeted them, the reason we can not fully explain. The class is composed of the following young ladies and gentlemen, each of whom hold teachers' licenses: Miss Rosa Redelsheimer, Miss Lulu Buchanan, Miss Mamie DeWert, Ottis Robinson, George Glancy and Louis Brown. ### A Great Battle.

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, and restore peace and bodily health for many years. Try this peculiar medicine.

### Sam Small Says: "Four Degrees in Drunkenness."

There are four degrees of intemperance, and before I finally gave up drinking I had taken them all. The first is the lamb degree. This is taken by men who drink simply for sociability, and is usually of a mild nature. The second is the monkey degree. When a man takes this degree he usually can tell a better story and amuse a larger crowd by his pranks and antics than he can when in his normal condition. The third is the lion degree. When a man is initiated in this degree he becomes bold and disregards every one's will but his own. He beats his wife and wants to fight his neighbor. When he is admitted to the last degree he becomes like a hog.

### Happiness.

The foundation of all happiness is health. A man with an imperfect digestion may be a millionaire, may be the husband of an angel and the father of half a dozen cherubs, and yet be miserable if he be troubled with dyspepsia, or any of the disorders arising from imperfect digestion or a sluggish liver. Dr. Pierce's Pleasant Purgative Pellets are the safest and surest remedy for these morbid conditions. Being purely vegetable, they are perfectly harmless.

On being arrested in New York the other day a supposed shop-lifter gave her name as Hardegg.

### News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle free of cost. It is guaranteed to relieve and cure. The largest bottles are 50c and $1.

## SOME NEW BUILDINGS.

### Among Them is a Church Edifice to Cost $23,000.

The Second Presbyterian church congregation has been given a permit to build a new church building, on Ewing's addition, to cost $23,000.

George Hitzeman to build a one story frame house on lot 20, Chute's homestead, to cost $650.

Jacob Alter, to build a barn on lot 677 Hanna's addition to cost $300.

F. W. Limecooley to build an addition to his house on lot 8 Tresselt's addition to cost $200.

Michael Gruber to build a one and one-half story frame house on lot 41 Sweeney's addition to cost $700.

Louis Balzer to build a one and one-half story frame house on lot 23 Reed's addition to cost $650.

### Hanlon's "Fantasma."

The Hanlons have gained a reputation that is world wide by their excellent taste in supplying the demands of the people who are patrons of the histrionic. Their dealings with the public have always been honest and upright and that their efforts are appreciated was fully demonstrated by the massive audience that gathered in that Temple of Thespis last night. "Fantasma" was never seen to better advantage and an audience never appeared to be more enthusiastic. It seemed that both the player and play goer were in all their element, as every number on the program was loudly applauded. The scenery, of course, was the special feature, and was mounted on the stage as only characterizes the work of the Hanlons. A play on the style of "Fantasma" can not be described; it must be seen to be appreciated. The cast is a strong one, having many excellent artists in connection with it, which only tends to strengthen the otherwise superb production. The performance will be presented again to-night, and will close their engagement to-morrow evening.

EATON RAPIDS, MICH.

J. M. LOOSE RED CLOUD CO., Detroit —Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing rapidly worse, being by this time completely blind, and in their diagnosis concluded that there was no earthly hope for me, I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract Red Clover. As he had known of it working remarkable cures. I told him I had lost hope, that nothing would do me any good in this world, he insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterwards I sent for two more bottles and it is wonderful how I improved. I continued using it, and today I am better than I have been in years. No sign of Erysipelas has shown itself and I heartly recommend it to suffering humanity as the greatest and best blood purifier in existence.
Yours Truly,
HENRY MARVIN.

N. B.—My daughter, Mrs. Bishop, of Toledo, was afflicted almost as badly and your Red Clover cured her.

### DISEASES OF HORSES.

#### The Causes of Numerous Diseases and Disagreeable Habits of Horses.

Horses having diseased teeth are hard to keep up in condition, and if poor, it is impossible to fatten them. More horses are blind from diseased, sharp edged and irregular molars than from all other causes. Improper mastication of food produces indigestion, indigestion produces hide-bound, swollen limbs, stairing, or dead like coat of hair, and loss of appetite. Their teeth being in irregular shape, and having sharp edges causes drooling, stopping short, starting suddenly, frothing, slobbering, and especially driving on one rein, and pulling. All these disagreeable habits and primary leasions to disease can be remedied by Dr. Wm. F. Myers, Veterinary Surgeon and Dentist, who will be pleased to see you, explain matters more fully, and relieve your equine pets from their sufferings by his special operation on their teeth. **Dangerous Use of Strong Purgatives.**

Most pills, purgatives and Bitter Waters, which act quickly upon the bowels, irritate and often destroy the mucous coats of the stomach and bowels. Indeed their cathartic action is directly caused by the irritation of the bowels, which they produce. Their action should be soothing and stimulating instead of irritating. A continued use of such remedies produces chronic inflammation of the stomach and bowels. This often ends in dangerous disease. The use of the genuine imported Carlsbad Sprudel Salt is highly recommended as an aperient, laxative and diuretic, because its action is due solely to its solvent and stimulating properties. It soothes and allays inflammation, and is therefore much preferable to all strong purgatives and Bitter Waters.

Beware of imitations. Dr. Toboldt's lecture on Carlbad Sprudel Salt and pamphlets mailed free. Eisner & Mendelson Co., Sole agents, 6 Barclay St., New York.

**LONG LIFE.**

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

## DROP A MAN OCCASIONALLY.

**And Not Reduce Wages is the Plan of the Pennsylvania to Curtail Expenses—The Day's Gossip.**

The Bass works pay their men tomorrow.

The Wabash is doing a big freight business.

The Bass machinists are still working ten hours a day.

Patrick O'Brien, of the Pittsburg blacksmith shops, is on the sick list.

Engine No. 124 was brought into the Pittsburg shops this morning for repairs.

Roadmaster Ed. Murphy, of the Nickel Plate, is very low. His friends have but little hope of his recovery.

Foreman B. Fitzpatrick, of the Pittsburg shops, went to Crestline, Ohio, this morning, on business, for the company.

Work was commenced at Lima, Ohio, yesterday on the new Lima, Columbus and Milwaukee railroad. It will be pushed rapidly to completion.

Gen. Samuel Thomas, who has recently traveled quite extensively in the west, has returned to New York, and is disposed to boom the prospects for western roads.

Joe Cromer and Henry Rost, formerly of the Pittsburg blacksmith shops, have the contract for tearing down the old Moellering grocery building, on Lafayette street.

The boys in the shops say that Henry Daymeier will be the candidate on the republican ticket for city marshal and that he will appoint J. Hayes as deputy if he is elected.

A wreck on the Grand Rapids road Sunday night at Portland, caused by a passenger train running into an open switch, derailed two cars. Otherwise no damage was done.

George Rietel, of the Bass blacksmith shops, will resign his position to-morrow to start a carpet weaving establishment on Force street. Mr. Rietel, is popular and his friends at the works regret to see him leave.

Peter Harliss, Charles Kring, Peter and William Harmon, August Newman and James Krininger, convicted at Knox, Ind., of robbing Nickel Plate cars, have been lodged in the Michigan City prison, where they will remain for one year each.

Yesterday, in commenting on the cut-down-expense orders which the Pennsylvania lines are sending out, one of the officials of the western lines said: "With this road the study of economy is periodical and is absolutely necessary in order to prevent reckless extravagance in the great corporation."

At a conference held in Pittsburg last week, at which most of the general officers of the Pennsylvania lines, both east and west of Pittsburg, were present, it was decided to make no reduction in wages in the way of economy, but, instead, wherever possible, to drop a man and reduce the force until such time as business requires more men.

INTERESTING TO SHOP MEN.

At the request of a number of machinists who desire to cut it out and paste in a convenient locality for use, we reproduce the following concerning the names and shapes of files in common use.

Bastard.—Flat, taper, square, round, half-round, hand, three-square and warding. From 3 inches to 18 inches in length.

Second-Cut.—Same shapes as Bastard, and in length from 4 to 18 inches.

Smooth—Same shape as Bastard, and from 4 to 18 inches in length.

Dead Smooth—Flat, half-round, and hand. From 6 to 16 inches in length.

Mill Saw—Fine Bastard, second-cut. from 4 to 18 inches in length.

Rasps—Double Horse, (from 10 to 18 inches in length,) flat and half-round, wood and shoe. From 6 to 16 inches in length.

Saw Files—Taper saw, (from 3 to 12 inches in length,) pit saw files, (single cut.) From 6 to 12 inches in length.

The Bastard, second-cut, smooth and dead smooth, are cross-cut, with the exception of the round. The Mill saw is single cut and is known in the shop as "float files." The Hand is a flat file, with one safe edge. The Cotter, or equaling, is a flat bastard or second-cut parallel file, from ¼ to 1 inch in width, and from 10 to 14 inches in length. The American Saw file is a single cut and the English Saw file is double or cross-cut.

The popular blood purifier, Hood's Sarsaparilla, is having a tremendous sale this season. Nearly everybody takes it. Try it yourself.

A good appetite is its own reward.

J. M. LOOSE RED CLOVER CO.—Gents: I have been a sufferer for the last five years from rheumatism across the shoulders, and by using your Fluid Extract Red Clover, am entirely relieved; believe it has driven it from my system, and won't be a weather barometer any longer. Yours Truly,
F. D. DIBBLE,
Palmer House, Chicago.

## A COFFEE COMBINE.

**Indiana Roasters Organize to Fight Arbuckle and the Fort Wayne Union.**

The Indianapolis *News* has this:

"The Indianapolis wholesale grocers who are in the coffee roasting business, and several other firms in the same line, have consolidated their coffee roasting interests and have organized the 'Indiana Coffee company.' It is a significant movement, suggested doubtless by the necessity of meeting with a powerful organization, the Arbuckle and other would-be monopolies. Schnull & Co.'s big roasting house, established by W. A. Krag, and which has already given the Chicago and New York concerns a peck of trouble, has gone into the new arrangement. It will for the time being be headquarters for the new concern. Brands of coffee will be adopted and pushed into the market. The stockholders include Henry Schnull & Co., Severin & Ostermeyer, J. C. Perry, George W. Stout, Schrader Bros., Kothe, Wells & Bauer, Moore & Coughlen, Wiles & Coffin, Conduitt & Co., Keller & Malott and A. M. Cleary. The last named will be manager. Of interest in this connection is the combination of Fort Wayne grocers to keep up prices on Arbuckle's coffee and other "contract goods."

"The Indiana Coffee company, the name of this new organization, was incorporated to-day. The capital stock is fixed at $100,000, and the subscriptions amounted to $22,000. The company will manufacture bulk and package coffees, spices and baking powders. The place of business will be in this city, but the articles state that "operations shall be carried on in every part of the United States and foreign countries into which trade can be be extended." The directors are A. W. Conduitt, Frederick Ostermeyer, George W. Stout, J. C. Perry and H. G. Coughlen."

When she became Miss, she clung to Castoria,

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces.

**Toes Eaten Off.**

Several years ago I was called to see a colored woman who had a malignant form of cancer on her foot. The cancer grew worse under the prescribed treatment, and the toes and one side of the foot were at length entirely eaten away. The patient could not have survived much longer, but I commenced the use of Swift's Specific, and it cured her well and sound. That was three years ago, and their has been no return of the disease. I have also used S. S. S. in many other cases with the best results, and have cured a great many cases of rheumatism with it which had resisted all other treatment. I regard Swift's Specific a most excellent medicine for blood diseases, as its tendency is to drive out the poison.

**And They Are Unimportant Positions—The Presidential Appointments To-day.**

WASHINGTON, April 9.—The president made the following appointments to-day:

Frank Plumley, of Vermont, United States attorney for the district of Vermont.

George A. Knight, of Texas, United States marshal for the northern district of Texas.

Lee E. Bennet, Indian agent at the Union agency in the Indian Territory.

James McDowell, register of the land office at Huron, Dak.

**CIVIL SERVICE COMMISSIONERS.**

**Contest for the Place Among the Politicians.**

WASHINGTON, April 9.—There appears to be a spirited contest in progress for the democratic vacancy on the civil service commission. Mr. Hugh T. Thompson, of South Carolina, late assistant secretary of the treasury; Judge Durham, of Kentucky, the present first comptroller of the treasury, and Richard Randolph Morton, of West Virginia, second assistant comptroller, are the principal candidates with several others of less prominence in the field.

All have more or less backing and for the past three weeks the president has given daily interviews to democrats, senators and members in behalf of some one of them. An intimation from the president last week that he would appoint no free trade democrats on commissions required by law to be made up of republicans and democrats, but that in such cases he would select protectionist democrats, has created considerable comment here.

This declaration is said to have been made to a very prominent democrat regarding the policy he will pursue not only in the south, but in regard to national appointments generally.

**THE BEAR CREATURES.**

**Fifty Girls go on a Strike and Brutally Beat the Boys Who Take Their Places.**

CLEVELAND, April 9.—About fifty girls were discharged from the Chapin nut and bolt works Saturday, because they were in constant danger of having their dresses caught in the machinery. The girls were not thankful for their deliverance from accidental deaths and when the boys, who were hired to take their places, went to work yesterday morning, the discharged maidens, assisted by all their female relatives, assaulted the new hands with clubs, bricks and stones.

The boys, several of whom were considerably injured, took refuge inside the building, which was then treated to a shower of missiles from the enraged maidens. Several arrests were made, but the offenders were discharged this morning on paying costs and promising a cessation of hostilities.

**A LONG TRANCE.**

**She Has Been Asleep for Thirteen Days, and Takes No Food.**

BUFFALO, N. Y., April 9.—Mrs. Emma Anthouse, the Attica sleeper, is in another long trance. She went to sleep on March 27, and has not wakened since. She has taken no nourishment since the 27th, and is very weak. Her teeth are tightly closed, making it impossible to force the least particle of liquids or solids through them. Before falling into the present trance she predicted a long sleep, but did not state how long.

**He Was a Crank.**

DUBUQUE, Ia., April 9.—An old man, with a long white beard and very shabbily clothed, created a decided sensation Sunday in the Methodist church of this city. While the pastor was preaching the old man arose from his seat and announced that the world would be destroyed in nine days, and that he was commissioned by the Almighty to declare the news.

**Greek George.**

BROOKTON, MASS., April 9.—Last evening Duncan C. Ross, H. M. Dufur, and Antoine Pierre, known as "Greek George," participated here in a wrestling tournament, which, at 11:30 o'clock, was declared a draw.

**A Collision.**

NEW YORK, April 9.—This morning a collision occurred on the Pennsylvania railroad at Jersey City, resulting in the demolition of a horse car and seriously injuring three passengers.

**Scarlet Fever.**

BLOOMINGTON, Ill., April 9.—Dispatches from Fairbury, Ill., report an outbreak of scarlet fever of a malignant type. Six deaths have occurred within the last few days.

## MUST SAY FAREWELL.

**Three of Our Methodist Pastors Bid Adieu to Their Congregations and Look for Other Homes.**

One of the unpleasant features, in many instances, connected with the life of the Methodist minister, is the itinerancy of his pastorate. He is, as Rev. F. G. Browne, former pastor of the Wayne street M. E. church, of this city, said in a sermon preached here a few years ago, "the Man on Horseback." He has no life home. Every few years the rules of his church compel him to move from the town or city where he has lived for one, two or three years, to a new pastorate. He is, as it were, constantly "in the saddle," and like the soldier in a great war, compelled to move from on place to another in the discharge of the duties of his holy calling.

These reflections are brought to mind by the changes which will take place in the Methodist pastors of this city as a result of the deliberations of the conference which has just closed at Lagrange. By its appointments Rev. D. D. Woolpert, C. H. Wilkinson, and J. C. Cook, who have had charge of congregations in Fort Wayne for the last few years, are transferred to other fields and THE SENTINEL, while welcoming to our midst their successors, cannot but regret to see these clerical gentlemen leave our city where they have been so eminently successful and have drawn around them so many warm friends.

The time for bidding them farewell will come almost with their return from Lagrange, and it is proper therefore, in this connection that we say a few words about them ere they leave us for other homes.

Rev. J. C. Cook, the pastor of the Trinity M. E. church, came to our city only a year ago. He is a young man and this was one of his first charges, but he has proven himself eminently fitted for the calling in which he is engaged and has been successful in his work. He is a close student, earnest in the performance of his duties and with talents as a pulpit orator will rise to higher ranks of usefulness and honor in the church.

Rev. C. H. Wilkinson, the pastor of the Simpson M. E. church, has been with his congregation for three years and has been untiring in his work for the Master. An earnest and a forcible speaker, his voice has always been raised in behalf of the cause of saving souls and when duty called he was to be seen in the front rank of workers. He took an active part in every movement calculated to advance the interests of Christ and was so zealous in his work that he has reaped a harvest of souls as the reward. His congregation will regret to loose him, but to his new home he will carry with him their warm and hearty wishes for his continued success.

Rev. D. D. Woolpert, the pastor of the Berry street M. E. church, has been one of the most prominent pastors in the city ever since his coming here three years ago. Few ministers are closer Biblo students or more thoroughly wedded to their calling, and with these elements of success he combines an earnestness and eloquence that particularly fits him for the work in which he is engaged. He is a magnificent pulpit orator, and with his departure the Berry street church loses in this respect one of the best pastors it has ever had. Keenly alive to the ruinous effects of the evils of the day, he does not hesitate when occasion demands to denounce them in a proper manner, and when he does so, the subjects are generally handled without gloves and in such an eloquent and forcible way that conviction is carried with his words. His departure from our midst will be generally regretted, not only by his congregation, among whom he was universally loved, but by the citizens who always found in him a man alive to the municipality's best interests on every public question. His future home will be in Warsaw, the beautiful city of the lakes, and to her people we can say that they will find in Rev. Woolpert a pastor whom they will delight to honor.

The conference returns to us, as noted in our telegraph columns yesterday, our old pastors, Rev. R. M. Barns and Rev. M. C. Cooper and to the Berry street church it sends Rev. Vanelyke, of Goshen, concerning all of whom we may have something more to say. The return of Revs. Barns and Cooper will be received by their congregations with gladness, as will also the new appointments to the Berry street and the Simpson churches.

## A RECORD OF CRIME!

**Masked Men Enter a Farmer's Home for Robbery and Brutally Beat Him—Other Deeds of Blood.**

EAST LIVERPOOL, O., April 9.—Early yesterday morning two masked men forced an entrance into the residence of Robert McBane, an aged farmer living near this place, and, after an unsuccessful attempt to chloroform the family, locked Mrs. McBane and three children in a closet, after knocking them nearly senseless. They then, by threats, attempted to make Mr. McBane give them several thousand dollars they claimed he had in the house. He denied having the money. They then set upon and beat him into insensibility, and ransacked the house, but found nothing of value except some silver, with which they escaped, leaving no clue. When found by the neighbors yesterday Mrs. McBane and the children were nearly suffocated, and Mr. McBane nearly dead from loss of blood.

CHICAGO, April 9—This morning Officer Woodville caught two men attempting to burglarize a grocery store. He pursued them, and was shot by them after wounding one fatally. The wounded man was arrested.

Patterson refused the burglars' demands for his money. The fiends then held his feet in the fire, roasting them so badly that amputation will be necessary. The robbers ransacked the house, securing $40 in money and a gold watch.

Near Mr. A. C. Perrin's livery stable they collided with a buggy, in which were Mrs. Chas. Lehr and Mrs. Edward Wolf, wife of the engineer.

E. A. S. HAUKETT, Editor and Proprietor.

TUESDAY, APRIL 9, 1889.

CHAS. M. KIRTON has purchased the Peru *Sentinel*.

FEVERS are prevailing in the city. The Sanitary officers might take a look at the sewerage system.

DR. PALMITER, of Lagrange, one of its best known residents, died very suddenly Sunday, aged seventy-two.

EDITOR MILLER, of the Evansville *Tribune*, is going to lead an exploring expedition into the wilds of Central America.

WHAT a pity some of the republican state officers did not adjourn with the legislature. There might have been a chance for the new laws.

MASSACHUSETTS, Indiana, Montana, Rhode Island, Tennessee and Wisconsin have passed election reform laws and New Jersey will be added to the list this week.

GOVERNOR HOVEY, of Indiana, will leave for the east on the 20th inst., and, after spending a few days at Washington, will go to New York to attend the constitutional centennial celebration.

STATE TREASURER LEMCKE has returned to Indianapolis from New York. He succeeded in placing the $370,000 interest loan but can not negotiate the general loan until the courts have declared the law constitutional.

THE federal authorities, it is given out at Indianapolis, propose to suppress the Louisiana lottery business in the state. It is to be hoped they mean what they say, for this gigantic fraud is fleecing people daily and reaping thousands of dollars by rascally methods. Of course, this business flourishes in Fort Wayne in open violation of the law.

NOW THE republican state officers are attacking the school book law, with a view to its nullification. The manner in which it was read in the legislature does not suit them, and the Indianapolis *Journal*, the organ of the book trust, is airing their views. The people will not tolerate any tampering with the measure, and the republican school book agents may as well realize the situation.

THE Evansville board of police and fire commissioners, recently appointed by the state legislature, was last night formally recognized by the new council, which is democratic, and the board at present in charge was declared "usurpers." The chiefs of both departments were ordered to report to the new board for duty, and provision made that bills for fire and police protection will be paid only on approval by the new board. They never wait for constitutional action at Evansville.

GOVERNOR HOVEY has appointed Josiah Gwin, editor of the New Albany *Public Press*, and Edward S. Hays, of Mt. Vernon, who was a democratic candidate for doorkeeper of the house at the last session of the legislature, to succeed DeFee Skinner, of Valparaiso, and E. P. Richardson, of Petersburg, respectively, as members of the commission for the construction of the additional hospitals for the insane. Col. J. R. Gray, of Noblesville, has been appointed as one of the commissioners. The two gentlemen first named are democrats and succeed the men whom Tender-foot Porter appointed to cheat Fort Wayne out of one of the insane asylums.

THE new school-book law has an emergency clause, but the state superintendent of public instruction, who is frolicking in the east, either is not aware of it or is construing the emergency clause in the interest of the robber book syndicate. Governor Hovey, however, says that he has been aware that the bill contained an emergency clause and a few days ago suggested that the superintendent should, without further delay, advertise for bids to furnish the required books, in accordance with the provisions of the law. The time for receiving the bids must be fixed not later than six months after the publication of the notice. The people of Indiana can now see how republicans are conspiring to defeat the best piece of legislation enacted by the general assembly.

IT IS not often men enjoy the distinction of two birthdays in the same month, but strange things are the order of the day. Through a confusion of dates the anniversary of Thomas Jefferson's birth will be celebrated on different days this month. Some time after Jefferson was born eleven days was dropped out of the calendar so that April 2, his birthday, corresponds with April 13 in the present style of reckoning, just as Washington's birthday is observed February 22, although he was born February 11 in the old style. Some of the published lives of Jefferson and probably most of the cyclopedia biographies give April 2 as the date of his birth, which no doubt explains why Hon. Chauncey F. Black, the president of the National Association of Democratic clubs, issued a call to observe the anniversary on the 2d.

## MONROEVILLE.

### A Gossipy Letter From That Thriving Town—What They Are Saying and Doing.

Town election May 6.

A. O. Hess moved to the Craven farm last week.

Marquardt & Miller will manufacture tiles at Fryburg, Ind., this summer.

Rev. Father Hartman, of the Catholic church, began a two months' free school Monday.

Mr. Chas. Eastgate, of Van Wert, O., will take charge of the Central hotel in a few days.

Webster & Son are placing an eighty horse-power engine in their saw and planing mills.

Christ Flaugh, of Fort Wayne, was in town Friday. It is said that Christ has some fancy attraction here.

J. B. Munger, principal of the Monroeville schools, with two assistant teachers, began a six week's subscription school last Monday.

Auditor Nicar spent Sunday with his family. His friends will be glad to know that he has recovered from his late sickness, so as to be able to attend to his duties in the auditor's office.

From all indications at present Frank Froese, J. B. Davis and M. Straus have the inside track of the postoffice race. However no limitation can be made, as the postoffice gossip will take a side track for the town election.

Trustee Franks, of Madison township, has all his schools busy, and hopes them to continue so for at least two months longer. The schools will have at least ten graduates who are to take their degrees some time in May.

Rev. J. C. Darwin and wife, of the M. E. church, attended the forty-sixth session of the North Indiana annual conference of the M. E. church, which was held at LaGrange last week, of which Bishop E. G. Andrews, D. D., presided.

The dedication of the new Catholic church will take place Sunday, May 12. The Knights of St. John and other societies from Fort Wayne and Decatur will be present to assist in the ceremonies. An excursion train will bring the clergy and delegation from Fort Wayne.

The entertainment given by the pupils of the Wyburn school last Saturday evening, was excellent. Space will not allow us to delineate the proceeding. All who took part in the drama "Under the Laurel" deserves credit for the elegant manner in which they rendered their parts.

The commencement exercises, conducted by the graduates of the Monroeville schools, held in the Christian church, last Friday evening, were of the highest rank, and the young class of '89 deserves comment for their arduous undertaking. However good was their entertainment, only a small crowd greeted them, the reason we can not fully explain. The class is composed of the following young ladies and gentlemen, each of whom hold teachers' licenses: Miss Rosa Bodelschatz, Miss Lulu Buchanan, Miss Mamie DeWert, Ottis Robinson, George Glancy and Louis Brown. RAYS.

### A Great Battle.

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, and restore peace and bodily health for many years. Try this peculiar medicine.

### Sam Small Says: "Four Degrees in Drunkenness."

There are four degrees of intemperance, and before I finally gave up drinking I had taken them all. The first is the lamb degree. This is taken by men who drink simply for sociability, and is usually of a mild nature. The second is the monkey degree. When a man takes this degree he usually can tell a better story and amuse a larger crowd by his pranks and antics than he can when in his normal condition. The third is the lion degree. When a man is initiated in this degree he becomes bold and disregards every one's will but his own. He beats his wife and wants to fight his neighbor. When he is admitted to the last degree he becomes like a hog.

### Happiness.

The foundation of all happiness is health. A man with an imperfect digestion may be a millionaire, may be the husband of an angel and the father of half a dozen cherubs, and yet be miserable if he be troubled with dyspepsia, or any of the disorders arising from imperfect digestion or a sluggish liver. Dr. Pierce's Pleasant Purgative Pellets are the safest and surest remedy for these morbid conditions. Being purely vegetable, they are perfectly harmless.

On being arrested in New York the other day a supposed shop-lifter gave her name as Hardegg.

### News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle free of cost. It is guaranteed to relieve and cure. The largest bottles are 50c and $1.

## SOME NEW BUILDINGS.

### Among Them is a Church Edifice to Cost $23,000.

The Second Presbyterian church congregation has been given a permit to build a new church building, on Ewing's addition, to cost $23,000.

George Hitzeman to build a one story frame house on lot 20, Chute's homestead, to cost $650.

Jacob Alter, to build a barn on lot 677 Hanna's addition to cost $300.

F. W. Limecooley to build an addition to his house on lot 8 Tressell's addition to cost $200.

Michael Gruber to build a one and one-half story frame house on lot 41 Sweeney's addition to cost $700.

Louis Balzer to build a one and one-half story frame house on lot 23 Reed's addition to cost $650.

### Hanlon's "Fantasma."

The Hanlons have gained a reputation that is world wide by their excellent taste in supplying the demands of the people who are patrons of the histrionic. Their dealings with the public have always been honest and upright and that their efforts are appreciated was fully demonstrated by the massive audience that gathered in that Temple of Thespis last night. "Fantasma" was never seen to better advantage and an audience never appeared to be more enthusiastic. It seemed that both the player and play goer were in all their element, as every number on the program was loudly applauded. The scenery, of course, was the special feature, and was mounted on the stage as only characterizes the work of the Hanlons. A play on the style of "Fantasma" can not be described; it must be seen to be appreciated. The cast is a strong one, having many excellent artists in connection with it, which only tends to strengthen the otherwise superb production. The performance will be presented again to-night, and will close their engagement to-morrow evening.

EATON RAPIDS, MICH.

J. M. LOOSE BEER CO., Detroit —Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing rapidly worse, being by this time completely blind, and in their diagnosis concluded that there was no earthly hope for me, I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract Red Clover. As he had known of it working remarkable cures. I told him I had lost hope, that nothing would do me any good in this world, he insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterwards I sent for two more bottles and it is wonderful how I improved. I continued using it, and today I am better than I have been in years. No sign of Erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence.

In every quality from the cheapest to the best. Call and examine goods whether you want to buy or not. We offer you first, courteous treatment; second, the lowest prices; third, the greatest variety. We are recognized leaders in the

ARTISTIC DECORATION OF WALLS AND CEILINGS!

We can show you finer WORK than any firm in the city, and more of it than all others put together. When we complete a handsome piece of decorating, the would-be decorators send up their voices in the air, "WE CAN TOO," "WE CAN TOO," and then try to copy our work. "Imitation is the sincerest flattery," but it takes time even to imitate. Hence, they give you now the style of papering and decorating we did last year. We give you new styles and change no more than parties who try to learn the art of decorating at your expense, by experimenting on your work.

## DISEASES OF HORSES.

### The Causes of Numerous Diseases and Disagreeable Habits of Horses.

Horses having diseased teeth are hard to keep up in condition, and if poor, it is impossible to fatten them. More horses are blind from diseased, sharp edged and irregular molars than from all other causes. Improper mastication of food produces indigestion, indigestion produces hide-bound, swollen limbs, staring, or dead like coat of hair, and loss of appetite. Their teeth being in irregular shape, and having sharp edges causes drooling, stopping short, starting suddenly, frothing, slobbering, and especially driving on one rein, and pulling. All these disagreeable habits and primary lesions to disease can be remedied by Dr. Wm. F. Myers, Veterinary Surgeon and Dentist, who will be pleased to see you, explain matters more fully, and relieve your equine pets from their sufferings by his special operation on their teeth. **Dangerous Use of Strong Purgatives.**

Most pills, purgatives and Bitter Waters, which act quickly upon the bowels, irritate and often destroy the mucous coats of the stomach and bowels. Indeed their cathartic action is directly caused by the irritation of the bowels, which they produce. Their action should be soothing and stimulating instead of irritating. A continued use of such remedies produces chronic inflammation of the stomach and bowels. This often ends in dangerous disease. The use of the genuine imported Carlsbad Sprudel Salt is highly recommended as an aperient, laxative and diuretic, because its action is due solely to its solvent and stimulating properties. It soothes and allays inflammation, and is therefore much preferable to all strong purgatives and Bitter Waters.

Beware of imitations. Dr. Tobaldi's lecture on Carlsbad Sprudel Salt and pamphlets mailed free. Eisner & Mendelson Co., Sole Agents, 6 Barclay St., New York.

**LONG LIFE.**

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them!

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

**DROP A MAN OCCASIONALLY.**

**And Not Reduce Wages in the Plan of the Pennsylvania to Curtail Expenses—The Day's Gossip.**

The Bass works pay their men to-morrow.

The Wabash is doing a big freight business.

The Bass machinists are still working ten hours a day.

Patrick O'Brien, of the Pittsburg blacksmith shops, is on the sick list.

Engine No. 124 was brought into the Pittsburg shops this morning for repairs.

Roadmaster Ed. Murphy, of the Nickel Plate, is very low. His friends have but little hope of his recovery.

Foreman B. Fitzpatrick, of the Pittsburg shops, went to Crestline, Ohio, this morning, on business, for the company.

Work was commenced at Lima, Ohio, yesterday on the new Lima, Columbus and Milwaukee railroad. It will be pushed rapidly to completion.

Gen. Samuel Thomas, who has recently traveled quite extensively in the west, has returned to New York, and is disposed to boom the prospects for western roads.

Joe Cromer and Henry Rost, formerly of the Pittsburg blacksmith shops, have the contract for touring down the old Moellering grocery building, on Lafayette street.

The boys in the shops say that Henry Daymoier will be the candidate on the republican ticket for city marshal and that he will appoint J. Hayes as deputy if he is elected.

A wreck on the Grand Rapids road Sunday night at Portland, caused by a passenger train running into an open switch, derailed two cars. Otherwise no damage was done.

George Rietel, of the Bass blacksmith shops, will resign his position to-morrow to start a carpet weaving establishment on Force street. Mr. Rietel, is popular and his friends at the works regret to see him leave.

Peter Herliss, Charles Kring, Peter and William Harmon, August Newman and James Kreinger, convicted at Knox, Ind., of robbing Nickel Plate cars, have been lodged in the Michigan City prison, where they will remain for one year each.

Yesterday, in commenting on the cut-down-expense orders which the Pennsylvania lines are sending out, one of the officials of the western lines said: "With this road the study of economy is periodical and is absolutely necessary in order to prevent reckless extravagance in the great corporation."

At a conference held in Pittsburg last week, at which most of the general officers of the Pennsylvania lines, both east and west of Pittsburg, were present, it was decided to make no reduction in wages in the way of economy, but, instead, wherever possible, to drop a man and reduce the force until such time as business requires more men.

INTERESTING TO SHOP MEN.

At the request of a number of machinists who desire to cut it out and paste in a convenient locality for use, we reproduce the following concerning the names and shapes of files in common use.

Bastard.—Flat, taper, square, round, half-round, hand, three-square and warding. From 3 inches to 18 inches in length.

Second-Cut.—Same shapes as Bastard, and in length from 4 to 18 inches.

Smooth—Same shape as Bastard, and from 4 to 18 inches in length.

Dead Smooth—Flat, half-round, and hand. From 6 to 16 inches in length.

Mill Saw—Fine Bastard, second-cut, from 4 to 18 inches in length.

Rasps—Double Horse, (from 10 to 18 inches in length,) flat and half-round, wood and shoe. From 6 to 16 inches in length.

Saw Files—Taper saw, (from 8 to 12 inches in length,) pit saw files, (single cut.) From 6 to 12 inches in length.

The Bastard, second-cut, smooth and dead smooth, are cross-cut, with the exception of the round. The Mill saw is single cut and is known in the shop as "float files." The Hand is a flat file, with one safe edge. The Cotter, or equaling, is a flat bastard or second-cut parallel file, from ¾ to 1 inch in width, and from 10 to 14 inches in length. The American Saw file is a single cut and the English Saw file is double or cross-cut.

The popular blood purifier, Hood's Sarsaparilla, is having a tremendous sale this season. Nearly everybody takes it. Try it yourself.

A good appetite is its own reward.

J. M. Loosh Bro Grocers Co.—Gents: I have been a sufferer for the last five years from rheumatism across the shoulders, and by using your Fluid Extract Red Clover, am entirely relieved; believe it has driven it from my system, and won't be a weather barometer any longer. Yours Truly,

**A COFFEE COMBINE.**

**Indiana Roasters Organize to Fight Arbuckle and the Fort Wayne Union.**

The Indianapolis *News* has this:

"The Indianapolis wholesale grocers who are in the coffee roasting business, and several other firms in the same line, have consolidated their coffee roasting interests and have organized the 'Indiana Coffee company.' It is a significant movement, suggested doubtless by the necessity of meeting with a powerful organization, the Arbuckle and other would-be monopolies. Schnull & Co.'s big roasting house, established by W. A. Krag, and which has already given the Chicago and New York concerns a peck of trouble, has gone into the new arrangement. It will for the time being be headquarters for the new concern. Brands of coffee will be adopted and pushed into the market. The stockholders include Henry Schnull & Co., Severin & Ostermeyer, J. C. Perry, George W. Stout, Schrader Bros., Kothe, Wells & Baner, Moore & Coughlon, Wiles & Coffin, Conduitt & Co., Koller & Malott and A. M. Cleary. The last named will be manager. Of interest in this connection is the combination of Fort Wayne grocers to keep up prices on Arbuckle's coffee and other "contract goods."

"The Indiana Coffee company, the name of the new organization, was incorporated to-day. The capital stock is fixed at $100,000, and the subscriptions amounted to $22,000. The company will manufacture bulk and package coffees, spices and baking powders. The place of business will be in this city, but the articles state that "operations shall be carried on in every part of the United States and foreign countries into which trade can be be extended." The directors are A. W. Conduitt, Frederick Ostermeyer, George W. Stout, J. C. Perry and H. G. Coughlen."

It has the largest radiating surface, wherein the heat is distributed around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. ### Too Much Oil.

Several years ago I was called to see a colored woman who had a malignant form of cancer on her foot. The cancer grew worse under the prescribed treatment, and the toes and one side of the foot were at length entirely eaten away. The patient could not have survived much longer, but I commenced the use of Swift's Specific, and it cured her well and sound. That was three years ago, and their has been no return of the disease. I have also used S. S. S. in many other cases with the best results, and have cured a great many cases of rheumatism with it which had resisted all other treatment. I regard Swift's Specific a most excellent medicine for blood diseases, as its tendency is to drive out the poison.
